

**FOR IMMEDIATE RELEASE**

**Untrue Online Circulations of Rat Droppings in Gardenia Bread**

There have been numerous circulations on social media recently depicting an image of a Gardenia Fine Grain Wholemeal Bread with rat droppings. Gardenia Foods (S) Pte Ltd would like to confirm that the featured product is **not produced in Singapore**.

The featured product packaging contains the printed words "Negara Brunei Darussalam". We would like to highlight that Gardenia Singapore is not related to the Gardenia operations in Sabah, Sarawak and Brunei which are independent business entities with their own manufacturing systems and processes.

There is a distinctive difference in product packaging of the Gardenia Fine Grain Wholemeal Bread produced in Singapore and those manufactured in Sabah, Sarawak and Brunei.

Gardenia Singapore treats food safety and hygiene seriously so as to ensure our customers enjoy fresh and delicious products. For more information or clarification, please contact the Gardenia Public Relations Department at 6778 5666 or email to [prelations@gardenia.com.sg](mailto:prelations@gardenia.com.sg)
